REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Independent claims 1, 6, 16, 17, 18, 23 and their dependent claims are allowed in this reissue application. The instant invention requires a print receptive, pill-resistant knit fabric which uses a high tenacity yarn (4g/den) and cellulosic yarns in a double knit construction with specific requirements of yarn placement and construction to achieve a predetermined pill resistance.

New independent claims 18 and 23 broaden the scope of the invention by removing a limitation that the pill resistant fabric have a pill test rating of greater than about 3. Since this pill test rating is simply a result of the novel characteristics of the invention and not a controlling factor in the production of the fabric, the original claims including the pill test rating limitation and the newly added claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H Muromoto, Jr. whose telephone number is 703-306-5503. The examiner can normally be reached on 8-530, M-F.
